

Greetings from the member of the state parliament and State Secretary in the State Ministry of the Environment and Public Health, Melanie Huml, patron of "Harl.e.kin"-project of Sozialstiftung Bamberg and Lebenshilfe Bamberg

Welcome!

„A healthy smile connects“ – under this slogan Ralf and Marga Hannemann from Hirschaid, Germany will start their second journey around the world in March 2011. Until June 2011 they will be collecting donations with their small aircraft, a Partenavia P68C, call sign D-GHAN for the "Harl.e.kin"-project (<http://www.lebenshilfe-bamberg.de/index.php?id=1451>), settled in a hospital in Bamberg (http://www.sozialstiftung-bamberg.de/internet/index_home.php?nav=66,142,318,319,1104&site=kliniken).

"Harl.e.kin" supports premature infants and their parents during the difficult time following premature birth. The intensive medical care the babies and their parents experienced in hospital is continued at home by "Harl.e.kin". The familiar paediatric nurses and experienced employees of "Harl.e.kin" support and accompany these parents in many ways. This additional nursery and psychosocial support is supplemented perfectly by established networks of resident paediatricians and midwives.

Premature infants fight for each centimetre and gram to get out of the danger zone. They need every support they can get. You can help! Support the "Harl.e.kin"-project in Bamberg!
